

Hearing Protection, Amplification and Communication -Multifunction Hearing Protection

MSA Sordin Splash-Proof *CC Supreme NECKBAND* headset is developed to conform to international MIL-specifications and other extreme conditions.

The electronic design is based upon our own ASIC circuit and controlled by a micro-processor. This makes it possible to combine very low current consumption with high performance.

Features:

- ◆ Two separate splash proof microphones reproduce ambient sound within the headset
- ◆ Waterproof Internal electronics
- ◆ Waterproof battery compartment and microphones
- ◆ Close fitting slim design with neckband to allow more comfort when using with helmets
- ◆ Waterproof battery compartment and microphones
- ◆ Rugged ELECTRET noise cancelling boom microphone
- ◆ All electronic functions incorporated in a slim 3 button key-pad
- ◆ Over 600 hours of battery life from 2 x AAA batteries
- ◆ Battery Save Function and Low Battery Warning system
- ◆ Two sets of audio speakers ensure the headset always has live communication with two-way radio , even if batteries for the 'active' are completely dead
- ◆ High passive attenuation
- ◆ Fitted with 4-pole Nexus connector for easy connection to PTT interface (LEMO versions also available)
- ◆ Can connect to either PTT2000 or PTT7000 series press-to-talk switches (available in numerous specs)
- ◆ Flexible neckband with adjustable velcro head strap for extra support

PTT7000 with TJ101 quick disconnect connector
